

SAIKAT TALUKDER

CSE Student | Cloud & DevOps Enthusiast

Sylhet, Bangladesh | +880 1932283514 | saikat60mu@gmail.com

LinkedIn: [linkedin.com/in/saikkattalukder7](https://www.linkedin.com/in/saikkattalukder7) | GitHub: github.com/SaikatTalukder7

SUMMARY

Computer Science and Engineering student at Metropolitan University with interests in software development, problem solving, Cloud Computing, and DevOps. Experienced with C++, Python, Java, JavaScript, React, Node.js, and MySQL through academic and personal projects. Currently developing skills in Linux, AWS, Docker, and Python-based Cloud & DevOps.

EDUCATION

B.Sc. in Computer Science & Engineering
Metropolitan University, Bangladesh
3rd Year | CGPA: 3.50

TECHNICAL SKILLS

Languages: C, C++, Python, Java, JavaScript, SQL, Bash

Web & Backend: HTML, CSS, React, Node.js, Express.js, Axios

Database & Tools: MySQL, XAMPP, Git, GitHub, Linux

Other: Java Swing, Java AWT

Interests: Cloud Computing, DevOps, Backend Development, Software Engineering, Problem Solving, Competitive Programming

Currently Learning: AWS, Docker, Linux & Command Line

PROJECTS

University Management System

Java | Java Swing | Java AWT

GitHub: github.com/SaikatTalukder7/University_Management_System

- Developed a desktop application for managing university and student information.
- Implemented student registration, updating, deletion, department information, admission rules, and login functionality.

Autonomous Navigation Car

C/C++ | Embedded Systems | Sensors | Microcontroller

GitHub: github.com/SaikatTalukder7/Autonomous-Navigation-Car

- Developed an autonomous car that detects its environment using sensors.
- Implemented automated movement and navigation logic using a microcontroller.

Ed-Tech Platform

React | JavaScript | Node.js | Express.js | MySQL

GitHub: github.com/SaikatTalukder7/Ed-tech

- Contributed to a full-stack educational platform for online learning.
- Developed course browsing, course details, enrolled courses, payment, course creation, and course management modules.

Library Book Manager

Python

GitHub: github.com/SaikatTalukder7/library-book-manager

- Developed a Python-based application for managing library book information.

PROGRAMMING & CERTIFICATIONS

Competitive Programming: Codeforces, CodeChef, LeetCode

Codeforces: SaikatTalukder

CodeChef: saikatt07

Kaggle: saikattalukder7

Certifications / Learning:

- Programming for Everybody (Getting Started with Python) - Coursera
- Mastering Python: From Zero to Hero - Ostad
- CS50P: Introduction to Programming with Python

CAREER INTEREST

Python-based Cloud & DevOps, Cloud Infrastructure, Backend Development, and Software Engineering, with a strong interest in research and emerging technologies.

Open to: Internship opportunities, research collaborations, software development projects, and opportunities to contribute to innovative technology-driven initiatives.
